WEATHER CANCELLATIONS

The Loudoun School of Ballet does not always observe the same weather closings as the Loudoun County Public School system. Please check our voicemail message, website, email notifications and social media sites for the most up-to-date information. Decisions will be made by noon on weekdays and 8am on Saturdays. Follow us on Instagram, Facebook, and twitter @lsofballet.

If in doubt, please call or check our website before leaving home. Remember our philosophy is "better safe than sorry." Missed classes can be made-up. Bear in mind that many of our faculty lives outside Loudoun County and early morning and late evening classes may be cancelled because the instructors cannot safely navigate the roads. In the event of an extreme number of cancelled classes due to weather in one year, we schedule extra weekend classes to be used exclusively for make-up purposes. We will do our best to stay open when safe conditions allow.
